2023/24 INDOOR CONTEST SCHEDULE – ALL FAC EVENTS

Second Thursdays, **8am-Noon**, EXCEPT February (3rd Thursday), November-April
11/9, 12/14, 1/11, 2/15, 3/14, 4/11 – **8AM-NOON ONLY**

MASS LAUNCHES:

WWII NoCal Mass Launch - 2 rounds (6.2g minimum, 7" prop maximum)

Thompson/Greve NoCal Racers Mass Launch - 2 rounds (6.2g minimum, 7" prop maximum)

WWII Scale - Full-Bodied WWII - 2 rounds

TIMED EVENTS:

All events except WASP are **Best Unlimited Time - Single (BUTS)** events*

Phantom Flash

Simplified Scale - Any Scale model (Peanut, Scale, Dime, etc) - no judging, best single flight plus bonus

NoCal - (must be different than Mass Launch models)

Embryo - best single flight plus bonus

WASP One-Design - Total of Three Flights - Club Rules Below

* - **Best Unlimited Time - Single (BUTS) Events.** We have only four hours to fly. Keeping everything Total of Three Flights restricts the time available to fly events. By changing to Best Unlimited Time - Single (BUTS), we allow people to fly fewer individual times, but participate in more events. Phantom Flash (and sometimes Embryo) almost always has multiple people recording 3 maxes and then a fly-off - which is, in effect, a BUTS time. People can focus on one event to get better scores, if they want - but can move on to a different event if they are satisfied with their scores. Current "official attempts" would remain the same (3 flights or 6, per FAC rule book).

CLOUDBUSTERS WASP RULES

the Wasp, from the January 1942 Aeromodeller (short kit from Volare available, but can be scratch built)

1. Tissue Cover Only - no film, no condenser paper
2. Cover single surface EXCEPT FINS (double cover fins)
3. ANY prop, max. 3.5" diameter per plan
4. Prop Shaft and Landing Gear Wire MUST BE 1/32" music wire
5. Motor hook can be lighter wire or a pin
6. No Exotic materials: no carbon fiber, boron, etc.

NOTE: You can fly any Free Flight subject you like during this time frame. The fee remains at \$20 per person per session. Get your practice in at an excellent AMA Category III Indoor facility. **NO RADIO CONTROL.**
