## 2011 FAI Southwest Regional Model Airplane Championships

The weather in Eloy for the 61<sup>st</sup> SWR on Jan. 15 and 16 was about perfect. A bit cool at 40°F in the morning. It warmed up to well above 70°F on both days with clear blue skies. The wind was no problem either with a max. velocity of 8mph in the earlier and later rounds. A major portion of the flying was done in very calm winds which made thermal picking difficult.

An especial honor was the attendance of Larry Tougas, our newly elected AMA District 10 Vice President, who addressed the FAI flyers at the early morning briefing and spent most of Saturday mingling with contestants on the field.

We had a total of 42 sportsmen signed up for the 8 FAI classes. The contestants were from AZ, CA, CO, MI, NV, OR, PA, TX, VA plus our perennial snow-birds from Great Britain (Dave Oldfield F1A and Mike Woodhouse F1B). We also had 4 ladies flying FAI events: Jasminka Pecenkovic (F1A), Julie Parker (F1Q), and Tiffany O'Dell and Caley Hand (both F1G).

On Saturday F1C/P was won by Faust Parker with Lynn Pulley 1 second behind. Glenn Schneider was 3<sup>rd</sup> flying F1P. John Oldenkamp was the only one to max out in F1Q Electric. Second place in F1Q required a fly-off between Bernie Crowe and Julie Parker, which Bernie won. F1A had 3 flyers clean. The F1A fly-off was won by former World Champion Mike McKeever, with Ken Bauer in 2<sup>nd</sup> place and our local member, Enes Pecenkovic, in 3<sup>rd</sup>. In F1B 9 contestants had maxed all 7 rounds. Only 3 maxed out in the first fly-off. The 2<sup>nd</sup> fly-off was won by George Batiuk with Roger Morrell in 2<sup>nd</sup> place and Blake Jensen in 3<sup>rd</sup>.

On Sunday we flew F1G, F1H and F1J. Faust Parker was the only one flying and maxing out in F1J and therefore winning one of the 3 "Bears". F1H required 3 fly-off rounds which finally put Jim Parker into 1<sup>st</sup> place, Lee Hines into 2<sup>nd</sup> and Brian Van Nest into 3<sup>rd</sup>. F1G or Coupe d'Hiver had 5 flyers clean after 5 rounds. The fly-off ended in a big surprise when Caley Hand launched first into the only thermal in the fly-off round and won by achieving the only max. Tiffany O'Dell was then 2<sup>nd</sup> in F1G and Blake Jensen 3<sup>rd</sup>. It was Caley's first F1G contest!

A big thank you to all participants and to Elmer Nelson, Tom Gaylor, Hermann Andresen and my wife Brigitte who all made this FAI SWR again a memorable event.
