

Wilbur and Orville Society Meet, August 17-18

The Wilbur and Orville freeflight meet last weekend is the highlight of our contest season in the north-east so far. The weather was perfect, light and variable winds, typically only about 1 mph. The best results were in E-36 and F1B where most competitors maxed out and went into flyoffs. Tom Vaccaro came out on top in F1B in a flyoff against Brian Pacelli, Sarah Radziunas, and Ron Felix, with a dramatic seven minute max with very little drift. Rich Ivers won E-36 in a flyoff against Jim Coffin, Dave Lacey and Dick Ivers (with only four seconds difference between Jim, Dave, and Dick). Other Max out wins were by Bob Sifleet in F1H and Peter Barron in F1A (just ahead of an excellent Junior Performance by Bob's grandson Joel Yori, who is competing for a spot on the Junior free flight team).
