

**2014 California Cup F1E
February 13, 2014
Lost Hills, California**

The 9th annual Cal Cup F1E was flown Thursday February 13, 2014 & was completed in very nice fashion.

The breezes were light but fairly consistent from northerly direction, so that the maximum flight time per round was 180 seconds for the entire seven rounds.

Entries were somewhat more than prior year, with seven flyers, including Junior Logan Tetrick, flinging their magnetically steered gliders off the Holloway Dune, we are permitted to fly from.

Peter Brocks is to be commended for his dominating performances, as this marks his **EIGHTH CONSECUTIVE VICTORY** of this event! Congratulations Peter!

Results follow, & are posted on Ian Kaynes' FREE FLIGHT NEWS website, I am told.
