Happy New Year ! Here's wishing you the very best for 2023 and beyond.

We have the first contest of the year in just a couple weeks ( Southwest Regionals ) and we sure hope you can join us for that contest. The PMAC complete contest schedule for 2023 is published on page 12. I looks like we have some interesting duels for category and Topgun leadership that may develop this year so stay tuned. Perhaps this year I can get myself off top-dead-center and actually build some new models the editor

## Next Eloy Contest — December 3-4 2022

### Contest Start Time: 8:00 am

# Prez Speaks & CD Report

We had a bad weather forecast for this contest. I arrived at the field on Friday afternoon to help Peter Brocks set up the field. On Saturday morning the FAI flying started at 8 AM with F1A events first, flown in rounds. The weather was cloudy with occasional light drizzle, but the air was buoyant resulting in many maxes. A/B Classic AMA gas was flown, as well as P-30 when there was no drizzle.

Shortly after noon, it began to rain hard with no let-up in sight. I canceled the contest for the rest of the afternoon when the field became very muddy. I was barely able to get my RV off the field, and after looking at the forecast for Sunday we emailed the contestants and told them that Sunday was canceled due to the condition of the field. Be sure to review Peter Brocks' data from the FAI portion of the contest, following this report which will include the AMA data. See you at the Southwest Regionals, be sure to visit [swregionals.org](http://swregionals.org) and pre-register. Thermals!

As you probably know we are manufacturing the Satellite free flight model in all sizes.

We are also in the process of stocking balsa, aircraft plywood, some specialty hard woods and exclusively Satellite City CA glue products.

We consider ourselves a specialty mail-order shop.
