AZFF  
Champs  
report

**COVER:** The beautiful glider of Enes Pecenkovic on tow during the F1A fly offs at the Arizona Free Flight Championships.

Thanks to all who came to the AZ Free Flight Championships. Flying conditions were excellent and I hope everyone had a great time. I had a great time both flying and doing photography for the newsletter. Extra thanks to the other photographers Myra, Brigitte, and Tom who contributed some great pictures. The variety of photographic styles make the newsletter more visually interesting. The Phoenix Model Airplane Club wishes you all the **Happiest of New Years!** the editor

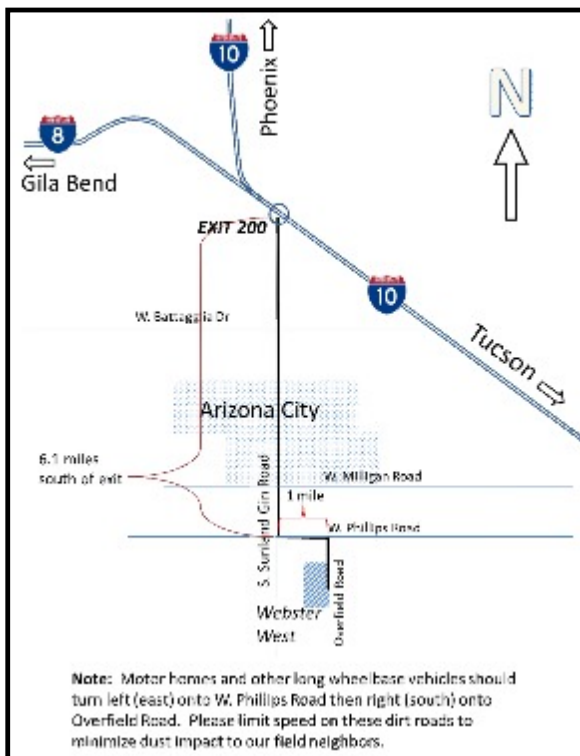

Contributing photographers, **TG** - Tom Gaylor, **BB** - Brigitte Brocks, **MM** - Myra Morris

## Next Eloy Contest — Jan 13-15, 2024

Contest Start Time: 8:00 am

# Prez Speaks

We are very fortunate as our weather this past fall was exceptional. In contrast, the weather last year at the AZFF contest was very poor, with clouds and rain. We had to abandon the field toward the end of the first day! At this year's AZFF contest the weather was excellent, attracting many flyers but we are still not up to pre-pandemic levels. Our next contest will be the Southwest Regionals, our largest contest of the year. The return of good weather has caused much activity on the [swregionals.org](http://swregionals.org) website; be sure to check it out as there is all the information you will need about the contest, the necessary forms and many pictures. We already have several registrations that came in December, and if you are going to come, please pre-register! This really helps with our planning. See you there!

Tom

# Arizona Free Flight Championships

## 2023 FAI Arizona FF Champs Report (incl. 10 min. F1A fly-off)

The weather forecast for the contest had not been good. The coming rain and the unusual cool temperatures probably kept some California fliers from coming to Eloy. It then rained on the field during Thursday night. On Friday the field surface was dry, good for practicing and retrieving.

Saturday was sunny with clouds and temperatures from 40° to 65°F and winds mostly out of SE at 1-6

MPH. Nobody flew F1C/P or F1Q. We had only 2 F1B

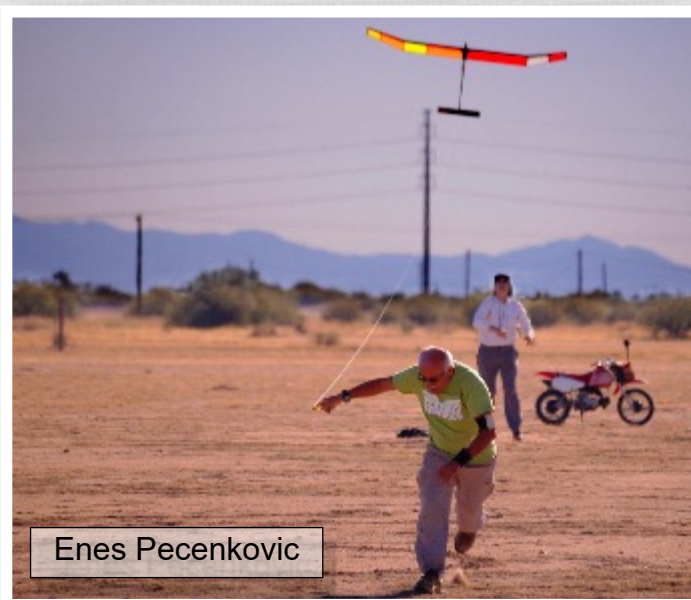

fliers with Ron Felix, all the way from Pennsylvania, maxing out the 5 rounds and Californian Daryl Perkins with one drop in 2<sup>nd</sup> place. In F1A we had 6 fliers of which 4 maxed out. The fly-off then was later in the day from the N side of the field. In the 6 minute fly-off Jim Farmer dropped out. Then in the 8 minute fly-off Brian VanNest's model stalled and made close to 5 minutes. The 10 minute fly-off after 5pm was very exciting. There was now not much wind out of the N. Enes Pecenkovic with his open structure hybrid glider launched first to a height of 90.5m. It flew medium circles and came down relatively fast. Andrew Barron then launched his all carbon, black glider higher. It flew large circles and went downwind and landed after six minutes and 14 seconds. Enes' model after 2.5 minutes (150 seconds) had come down to about 50m and had moved upwind. For the next 7.5 minutes (450 seconds) it stayed above the timers at a height between 50 to 40m and even coming down to 30m, circling going to the left and circling going to the right. It dt'ed at a height of 42.5m with a total flight time of 10 minutes (600 seconds) – landing just a bit further upwind then from where Enes had launched. An amazing flight.

Sunday was cloudy with some sun and temperatures from 40° to 70°F and winds mostly out of ESE at 2-6 MPH. There were no competitors in F1H. Peter Brocks won F1G and Daryl Perkins maxed out in F1J for 1<sup>st</sup> place. In F1S we had 5 fliers of which 3 maxed out. In the first fly-off Jack Murphy dt'ed early and placed 3<sup>rd</sup>. In the second fly-off George Morris did not make the required 180 seconds for 2<sup>nd</sup> place. In the third fly-off Allan Mecham tried going for the record but missed and was the winner in F1S.

The 2023 FAI Arizona Champs was a good contest with perfect weather and a beautiful orange and pink sky each evening after sunset.

# Arizona AMA Free Flight Championships CD report

We had excellent weather for this contest, with light winds and plenty of sunshine. The temperature was in the 40s when the contest started and rose to 70 in mid-afternoon. We had 22 contestants from AZ, CA, UT, CO and CT. There were 260 official flights flown, 87 FAI, 164 AMA, and 9 FAC. Thermals began to develop after noon, resulting in many maxes. The FAI events were flown in one hour rounds and a fly-off was necessary for both F1A and F1S. Awards from first through third place were awarded each day for each event flown. Two record applications were sent to AMA for Skilly DeLoach for junior P-30 and Mulvihill. Our next contest will be the 74<sup>th</sup> annual Southwest Regionals, be sure to pre-register. The website for this contest is [swregionals.org](http://swregionals.org). See you there!

**MONDAY 4/22/2024**  
Student Build and Fly  
Mountain Lions

Note: All one day contests will be flown in combined categories. Anything you bring to the field can be flown in one of 7 categories

\*For national cup points, junior AMA & Classic 1/2A Gas are combined

Contest End times May & Sept = 2:00 pm

# KEARSKUSTOMHOBBY

## "TEAM SATELLITE"

Ken & Mary Kear

Email: kearskustomhobby@yahoo.com

Phone: (H) 480-854-3163 MST

As you probably know we are manufacturing the Satellite free flight model in all sizes.

We are also in the process of stocking balsa, aircraft plywood, some specialty hard woods and exclusively Satellite City CA glue products.

We consider ourselves a specialty mail-order shop.
