HAVING FUN WITH MODEL AIRPLANES SINCE 1934 Vol-29 No 2 Feb 2024

SWR
Reports

COVER: Like the cover page says "Having Fun with model airplanes". Kevin McCue sure looks like he is indeed having fun with his model.

The 74th SWR of 2024 was an outstanding contest in about every regard. We had a great turnout of contestants, we had great flying weather and I believe very few crashes or lost models and best of all lots of smiles. My focus is on event photography so that I can share the event with many people via this newsletter. Because the National Free Flight Society publishes this and many other club newsletters we have a great opportunity to let people outside the clubs or event the hobby get to see what we do on the Internet. With so many pictures I need to skip the names - sorry for the omission. the editor

Next Eloy Contest — Feb 18, 2024

Contest Start Time: 8:00 am

Prez Speaks

For free-flight flyers we have had the greatest benefit so far – from the last fall schedule into this January’s Southwest Regionals Contest – blue skies and light winds! This past fall the storm tracks were all to the north of us, but that changed in late December. Fortunately the Southwest Regionals was in between two periods of poor flying weather so we had a great contest. The attendance was up to pre-covid levels at last.

At last year’s SWR we had a “Pineapple Express” forecast to come into the area. On the Friday just before the contest the weather was good for test flights. Saturday’s weather looked good for flying and was, but was forecast to deteriorate in the evening. As a result, the decision was made by the CDs to fly all the scheduled events on Saturday. This resulted in a busy day! After further examination of the forecast the decision was made to cancel Sunday and Monday. We had a very wet and muddy field the rest of the weekend.

By contrast this year’s SWR went much smoother. Events were flown as scheduled, awards were given out each day and a good time was had by all. I have had several “thank you” emails from contestants. I want to thank our PMAC Contest Coordinator, Kevin McCue for help at the CD table and especially for Awards. We had help from many others also, both PMAC members and regular attendees. Our next contest is the President’s Cup, on 18 February. Allan Mecham will be the CD. See you there!

Tom

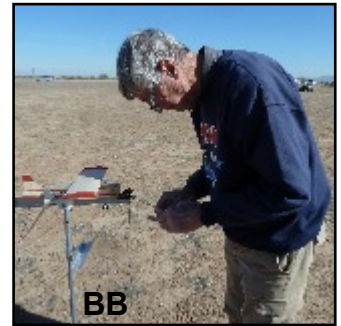

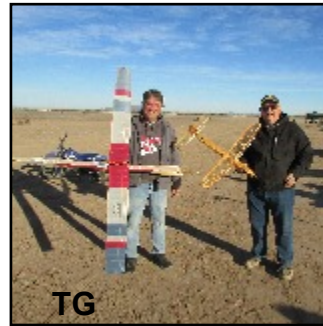

Arizona AMA Southwest Regionals CD report

The 74th annual Southwest Regionals Contest was blessed with wonderful weather. Although the temperatures were freezing at sunrise it warmed into the 60s in the sunny middle of the day which made it quite comfortable. Twenty-eight contestants flew a combination of AMA/NFFS/FAC events. We had flyers from AZ, CA, UT, NV, TX, KS, OK, CO with the farthest coming from AK and PA. There was one Junior flyer, Henry Kruse, James Kruse's grandson. He flew both P-30 and catapult glider.

The most popular events were Catapult Glider, E-36, Electric A, Hand-launched Glider, Mulvihill, P-30 and Small Stick. There were many gas flights, but spread over 1/2 A Classic, A Nos, AB Classic, C power and C/D Classic. The most popular FAC events were the Jet Cat and the Modern Civilian Mass Launch. Two contestants flew both Dawn Unlimited and Twin Pusher. Be sure to look at the total flight time rankings which includes the contestant's names. It is attached.

Go to the swregionals.org website for information and pictures of this year's contest plus past contests. Next year's Southwest Regionals Contest will be the 75th annual event which will draw a large crowd of flyers!

The 2024 FAI Southwest Regionals Model Airplane Championships

The first America's Cup contest of 2024, the FAI SWR, was held on January 13 and 14 at Eloy, Arizona.

The weather was nearly perfect, just a few clouds but also all blue skies. The temperature at the 8:30am competition start was 42°F (6°C) but then warmed up to about 72°F (22°C) both days. The wind started out at 6 mph (2.6 m/s) out of the SSE during the first 2 rounds and then became variable in direction and with a low velocity. For the fly-offs at about 3 pm the wind was mostly out of the NNW at 3 mph (1.3m/s).

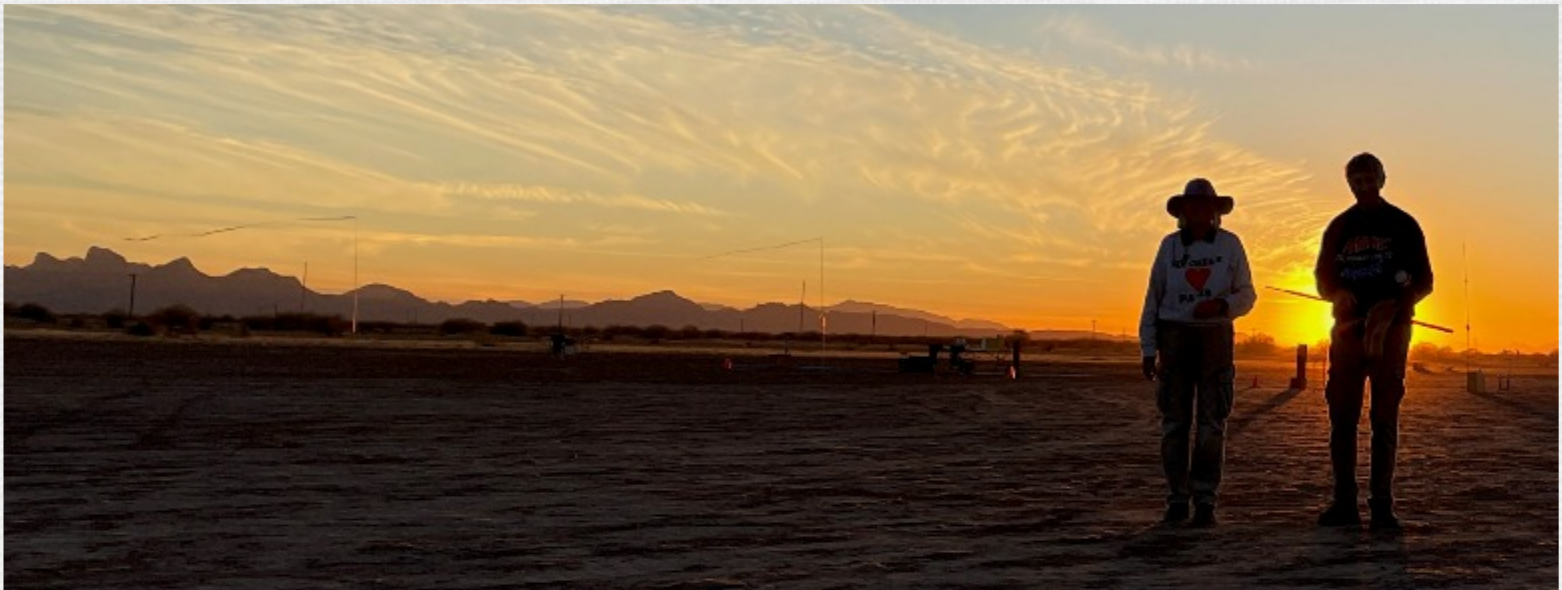

We had 42 sportspeople flying in the 8 FAI freeflight events. The contestants were from AK, AZ, CA, CO, CT, NV, OK, OR, PA, TX and UT. We had 6 ladies flying FAI events: Julie Parker (F1Q, F1S), Janna VanNest (F1S), Tiffaney O'Dell (F1G) and Jasminka Pecenkovic and the sisters Noa and Anat Goldstein (all 3 flying F1A). We had 4 FAI Juniors competing: Daniel Guo, John Mah-Gersting, Anat Goldstein (F1A) and Adith Alagiri (F1B). F1A had 16 flying – a new record. After 5 rounds there were 6 maxed out. Only Andrew Barron made the 6-minute fly-off flight and won the F1A trophy. Jasminka Pecenkovic was 2nd in F1A and Noa Goldstein 3rd. In F1B we had 9 competitors of which 7 made it into the fly-off. After the 2 fly-off rounds there were 4 F1B fliers still clean to attempt the 10-minute fly-off. This third F1B fly-off was won by Jerry Fitch with Bill Booth in 2nd place and Ron Felix in 3rd. In F1C/P Guy Menanno maxed out with his F1C folder and won the silver trophy cup again. Bob Hanford flew his F1P model and was 2nd, Faust had some problems with his F1C model and flew only one flight for 3rd place. Julie Parker won F1Q and Jack Murphy was 2nd like last year.

On Sunday we flew F1G, F1H, F1J and F1S in 5 rounds. F1G had 8 flyers with 5 going through 3 fly-off flights (3, 4, 5 minutes). Walt Ghio won the Bear by maxing the 5 minute flight. Bernard was 2nd and Jerry Fitch came into 3rd place. The small FAI glider event F1H had 3 competitors. Blake Jensen and Ken Bauer maxed out and did a 4 minute fly-off, which Blake maxed and won and Ken missed for 2nd place. Jim Parker placed 3rd in F1H. 4 fliers flew in F1J. Guy Menanno maxed all 5 flights and won the Bear. Faust Parker placed 2nd and Glenn Schneider was 3rd in F1J. In F1S, the small electric event, we had 10 fliers of which 6 maxed the 5 rounds. Three maxed the first fly-off. The second fly-off was won by Janna VanNest, followed by Frank Menanno in 2nd place and Allan Mecham in 3rd.

A big thank you to all participants and to Mike Fruciano and my wife Brigitte who all made this contest a memorable event.

As you probably know we are manufacturing the Satellite free flight model in all sizes.

We are also in the process of stocking balsa, aircraft plywood, some specialty hard woods and exclusively Satellite City CA glue products.

We consider ourselves a specialty mail-order shop.
