

EL TORBELLINO

NEWSLETTER OF SAN DIEGO ORBITEERS FREE FLIGHT CLUB

AUGUST 2012

The Prez's Corner – Don Bartick

Well I'm late again getting this article to Howard. He is very patient with me. He does an outstanding job publishing the El Torbellino. I'm sure I'm speaking for the membership when I give you a special thank you for a job well done. Now if we only get you out to flying field.

The 4th of July Walt Mooney contest was well attended and a good time had by all. Thank you John H for running the meet and thank you Mike Pykelny for the lunch provision. That reminds me. Last month I said I was going to dust my Bostonian and try once again to make the dude fly. As usual the Bean Box, a John O design would fly. Made lots of adjustments, put in 2 miserable official and on the 3rd try, the plane dove into the ground and broke off the tail. This score as an attempt. Glued the tail back on, not caring much about its position. Wound up, launched and the darn thing flew out of site. Roger Willis timed it finally lost site after 4 ½ minutes. Scored a max that put me in the lead until a few seconds before the contest ended. George Mansfield got his Embryo wound and launch in time to win out. Well, what a fitting end the plane that I was not going to fly again.

The NFFS Digest sure has a new look. It came out in polished print stock, just like the big boys. Don DeLoach has done wonders with this publication ever since he took over the Editor role.

I asked Howard to publish the US FF Champs flyer this month. You should see it somewhere further back. As I said last month, there is lots of prize money at stake. Also, the contest starts on Friday and goes till Sunday.

This is a wrap for now. See you at the September meeting (August is dark). Bring something for Show & Tell and an A-6 to fly. The entry fee for our monthly indoor contest session after the meeting is now \$2. There's big money to be had, so build an A-6 and come get your share of the bounty.

Remember; idle hands are the tools of the devil. So go build something to fly.

San Diego Orbiteers Monthly Meeting Minutes

Friday, 13th of July, 2012

Only four in attendance tonight, including President Don Bartick, Howard Haupt, Mark Chomyn, and John Merrill.

President Bartick called the meeting to order at 7:18p.m.

No new members or guests present, so down to business.

The Treasurer's report was approved as published. For current info, see elsewhere in this issue of the E.T.

Old Business: none.

New Business: none.

Contest Report: some talk of the 4th of July Walt Mooney Memorial Annual contest, which the Orbiteers have always shared with the Scale Staffel. Don and Mark were there, and reported some good competition, followed by a great BBQ. Memory recalled that Charlie Primb won the 2xMooney portion of the contest, and George Mansfield won Bostonian. Not sure who else won what. Hopefully, someone else that was there will

submit a full report to our esteemed editor. Next big event will be the USFF Champs on September 21-23 at Lost Hills, CA. AMA District 10 Vice President L. Tougas is scheduled to attend, and this promises to be a good contest. Next local contest is P-30, which will be over by the time this goes to press.

Show-and-Tell: Mark Chomyn brought his very nicely done Jimmy Allen Special. Orange fuselage, with blue stab and wing. Very Nice!
Meeting adjourned at 7:45p.m.

Indoor flying ensued. Unfortunately, Howard had to leave early for the evening, so I went ahead and took some flight time notes. We set a limit of 10 official flights, no minimum or max. just add the best two flight times together to get the top total. Results are as follows:

Mark Chomyn: 47 and 49 = 96 seconds.
Don Bartick: 66 and 70 = 136 seconds.
John Merrill: 69 and 69 = 138 seconds.

Very close times, great competition, and a lot of fun had by all. Next meeting (September), lets hope more people can attend, bring an A-6 of the proper type, and join in the fun.

Remember, there is no meeting in August.

The above is respectfully submitted by John R. Merrill, Secretary

NON-FLYING STATUS - H.Haupt

Our club is populated with a variety of members with varying degrees of interests and backgrounds. A handful of these members are active in the pursuit of building and flying free flight model airplanes. Others on the other hand, are rarely seen with an airplane in their hands.

My activity level has been drifting down over time and is approaching that of an inactive member in regards to building or flying model airplanes. This is balanced with my administrative support of the club doing the newsletter, and keeping tabs on the club treasury.

Moving forward, I see no change in my inactivity as a flying member, but continue to see myself supporting the club on the administrative side. Publishing the club newsletter continues to be something I enjoy doing. Looking after the club's treasury seems to dovetail nicely with my efforts to maintain the club roster that is needed for newsletter distribution.

Are the interests of the club best served, with a non-flying member, publishing the club newsletter? Too me the laughable part of this question is: Who else would want to do it?

So, there you have it, keep those post cards, emails and checks coming, the newsletter needs to be fed on a monthly basis.

As an additional closing note, this column was drafted before I received the Prez's Corner from Don and the glowing praise for the work on the El Torbellino. An answer to the question before writer knew the question. I appreciate the written support, and plan to continue my work publishing the newsletter.

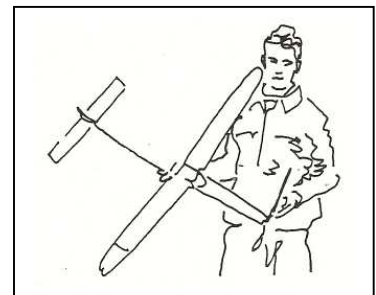

July 15th Club Contest - L. Miller

Our monthly was for P_30 and Power and began with John Merrill registering first. He was anxious to fly but continued to laugh and chat as usual. Around 8:30 John was wound and ready for his first flight. He spent little time checking the tail feathers (no D/T), smiled as he nodded at his timer, then launched quickly. His model readily climbed up and out into good morning air.

It bounced around a bit drifting SE with John chasing it. The One-Nite-28 clocked 2:03 to the ground. John was all smiles and wasted no time in logging 2 more maxes. John had a game plan and followed it. Often quoted "Fly early and often".

John M. was 1st in P-30 with Mark Chomyn placing 2nd and J. Oldenkamp was 3rd.

The Power sheet indicated 3 flyers tied with 2 maxes each. On their third flight, Don edged out John O. by 10 seconds. John was able to best Mike by 13 seconds.

ATTA BOYS TO "HUTCH" - H.Haupt

At this years FAC Nationals in Genesco, John Hutchison was voted into the FAC Hall of Fame. The Honor was announced at the FAC Awards Banquet on Saturday evening.

John was nominated by Bob Hodes of VegasVulture Squadron and Roger Willis representing WESTFAC.

This is a richly deserved honor for John who as been a leader and mentor to many in Southern California free flight modeling for many years. He is very active in the Flying Aces as Squadron Leader for the Scale Staffel in San Diego and the Orbiteers. He will be Contest Director for WESTFAC IV in Perris California next year.

(From SEN 1669 – As written by R.Willis)

MONEY MATTERS - H.Haupt

July 2012

Income:
